Currently rep1, rep2,rep3,rep4,rep5,rep6,rep7,rep8 already have orders. You can use these accounts to view these orders.

Manager:

Username:manager

Password: manager

Admin：

Username: admin

Password: admin

How to open the web site:

1) open the latest firefox

2) enter url: http://cslinux.nottingham.edu.cn/~scywj1/index.html to access the home page.

3) click *others sign in* or *admin sign in*

4) you can now use the accounts in the above pictures to test the system. For *others* channel，please select the right role for each account, or it may fail to log in to the system. In the Reference.pdf file chapter 3, detailed descriptions and step-by-step screenshots is displayed accordingly. Please refer that part for detailed instructions.

Registration issues:

1. New customer: a new customer should ask for a representative in the purchase page and manager can receive his/her request, then assign a representative to that customer's region.

2. New Sales Representative: registration of new representative can be done both by manager and admin. For manager, you can click *new rep* block under *HR Management* navigation bar. For admin, just click corresponding button. Both will direct to the registration page.

3. New Manager: registration for new managers can only be done

by admin, by clicking corresponding button.

4. Data types expected during registration:

   a) Username: length between 3 and 25, characters and numbers only

   b) Password: length between 3 and 25, characters and numbers only

   c) Telephone: numbers only, no digits limitation as different regions have different digits of telephone number

   d) Region: Begin with uppercase, max length 25

   e) Real name: Begin with uppercase for first name, all the letter are uppercase in family name. E.g Wangkai JIN

   f) PassportID: max length 20, numbers and characters only

   g) Email: valid email, characters, numbers and _@. Characters in expected place.

Notice：any unexpected input format during registration will receive a warning message in registration page, the form won't be submitted if warning exists.
